

Helping your business prosper BY FINANCING YOUR SUCCESS

Benefits of Leasing Your Sign

Catalyst Finance, a Canadian owned company has been providing Canadian Small and Mid-Sized businesses leasing and financing options since 2005. We have recently joined the Ontario Sign Association and created a simple three step process to help businesses like you get the sign you want in the most cost-effective streamlined way.

What are the benefits to you the customer?

- 1) **It allows you to get the sign you want** without using your bank lines or writing a large cheque.
- 2) Upon approved credit, **Catalyst will make the deposit for you to order the sign.**
- 3) **You can pay for the sign over time** as it generates new customers for you.

3 Steps

- 1) Once an approval is in place you will **sign the lease docs** & provide a void cheque.
- 2) Catalyst will make the **deposit payment** to the sign company.
- 3) Once the sign is installed **we will pay** the amount owing for the rest of the sign.
